CONTENT FOR REAL WEDDINGS/ ENGAGEMENTS/ ANNIVERSARIES

Copy that is interesting to the readers, allows them to see more than just the end result of beautiful images, but allows them into the back story and further information about the couple and their day.

For proposal/engagement/anniversary shoots with shorter narrative, please include information such as accommodation in chosen city, favourite things to do, restaurants and sights to see.

Here are some questions and areas to look at in the narrative. Answers are not featured in a question and answer style, so please do feel free to use these as a basis and freeform write the answer – ideally 300-500 words long:

- Background on how the couple met, their love story
- For a real wedding, any interesting proposal stories
- The reasons behind the decision for a destination wedding
- Why the couple chose that specific location
- What style of wedding they wanted to plan, special meanings and how they decided on the style of their wedding. – Please include as named resources such as French Wedding Style, wedding magazines, Pinterest and other online resources
- How did they choose their wedding suppliers
- Information on the wedding dress, accessories and grooms attire
- A summary of the day, emphasising any key areas that you would like to
- Any issues you had with planning a wedding in France/ abroad or in your domestic country
- Any advice you have for couples planning their wedding in France
- Relevant honeymoon stories and location
